Spectrum

Model # 1-007039-301, 1-007039-201

The petition before the Board was for a model number addition to a handgun that had previously been approved. The Board unanimously approved the addition.

18247 Springfield Armory

Range Officer Elite Compact

Model # PI9125E / Caliber: 9MM

The petition before the Board was for a model number addition to a handgun that had previously been approved. The Board unanimously approved the addition.

18248 Sturm Ruger

New Model Blackhawk

Model # 0470, 0407

The petition before the Board was for a model number addition to a handgun that had previously been approved. The Board unanimously approved the addition.

18249 MKE

MKE Z

Model # Z-5RS SB Classic

The petition before the Board was for a model number addition to a handgun that had previously been approved. The Board unanimously approved the addition.

18250 MKE

MKE Z

Model # Z-5K SB Classic

The petition before the Board was for a model number addition to a handgun that had previously been approved. The Board unanimously approved the addition.

18251 MKE

MKE Z

Model # Z-K SB Rail

The petition before the Board was for a model number addition to a handgun that had previously been approved. The Board unanimously approved the addition.

18252 MKE

MKE Z

Model # Z-RS SB Rail

The petition before the Board was for a model number addition to a handgun that had previously been approved. The Board unanimously approved the addition.

18253 MKE

MKE Z

Model # Z-5P SB Classic

The petition before the Board was for a model number addition to a handgun that had previously been approved. The Board unanimously approved the addition.

18254 MKE

MKE Z

Model # Z-5P SB Rail

The petition before the Board was for a model number addition to a handgun that had previously been approved. The Board unanimously approved the addition.

Tabled Petitions for Review Submitted for 12/11/18 Agenda

TABLED FROM MEETING APRIL 27, 2018

18112 Tabled twice before, most recently from 09/20/2018 teleconference.

Robinson Armament

XCR-L

Caliber; 5.56 NATO, 223 Remington, 300 Blackout, 6.8 SPC, 7.62x39MM, 5.45x39MM

The matter has considered by the Board on April 27, 2018, August 27, 2018 and again on September 20, 2018. In April, and then in August, it was reported by the MSP Firearms/Toolmarks Examiner that the sample failed to function properly which resulted in the Board voting to disapprove the firearm. Subsequent to the Board's August review, procedural issues related to ammunition and proper notice to petitioner came to light. In turn, the matter was reconsidered by the Board on September 20, 2018. At that time the matter was again tabled for future consideration and thus added to this month's agenda.

The Board reexamined a sample and received an updated oral and written report from MSP Firearms/Toolmarks Examiner. This time there was no issue with functionality. Consideration of the firearm was based on the criteria established in Statute; conceal ability, ballistic accuracy, weight, quality of material, quality of manufacture, reliably as to safety, caliber, detect ability and utility for legitimate sporting activities, self-protection or law enforcement. The Board voted unanimously to approve the firearm in all the above mentioned calibers as it meets the criteria stated in Statute.

With there being no further business there was a motion to adjourn at 1:30 pm
